**A couple of additional terms...**

**This product is my product.** You can put your name on it, but my name has to be mentioned somewhere. I've left this product very open ended to give you the best possible chance at making money with it. Please don't take advantage of that.

You are free to create your own graphics, sales letters, add your own bonuses or whatever else you want to do to it, to make it unique to you, but you CANNOT claim it as your own product. **I still hold the copyright to it.**

As you have noticed, I've put the suggest value of the product at \$19.95 a month. I cannot tell you how much to charge for this product. **However, I can tell you that anyone caught devaluing it (i.e. selling it at a low ball price), will never be able to purchase any type of product with rights from me again.**

If at any time you have questions about your right to this product, contact me. It's better to be safe than sorry. I'm easy to deal with when you're at least trying to follow the rules.
